About this guide

As part of the Queensland Law Society's Reconciliation Action Plan (RAP) one of the first lessons the organisation learnt was to reflect on the historical treatment of the First People. Cultural protocols are significant mechanisms of recognising the existence and continued resilience, tenacity and fortitude in the face of adversity. As such, a Welcome to Country and/or Acknowledgement of Country is vitally important to be included in events or other high priority gatherings/meetings. To incorporate into these settings the Queensland Law Society seeks to do business in a way that will not aid in the continued oppression of the First People but will uphold and recognise day to day core business functions on the lands of traditional custodians who have cared for and maintained for the last 65,000 years. The Society in this vein seeks safe passage in our dealings with the law, and in good faith commits to advancing the rights and interests of the First Nations people in Queensland. We work together towards a common objective and where possible ensure our vision of good law good lawyers for the public good applies wholeheartedly with respect to Aboriginal and Torres Strait Islander individuals and communities.

Purpose of this guide

The purpose of this guide is to assist the Society's staff and its members in knowing when it is appropriate to engage Traditional Owners to do a Welcome to Country and also assist staff to deliver respectful and meaningful Acknowledgements. It is not an exhaustive list of area names of cities or regional towns, it is a list that areas where QLS and its members may travel and practice.

We always welcome feedback, updates and amendments and invite them to be emailed through to rap@qls.com.au

Please note this Guide will be reviewed annually.

When should we have a Welcome to Country?

A Welcome to Country should be delivered before any such event that is significant to the Queensland Law Society and its members. That may include functions, symposiums, launches, awards nights and other public events or gatherings.

Please note:

Upon a Welcome to Country, it is appropriate for the first speaker to initially acknowledge the Elder or whoever has given the Welcome to Country, and then continue with an Acknowledgement of Country, Traditional Custodians and Elders.

For Example:

Country Protocols Guide

Last revised August 2019

Thank you Aunty/Uncle ____ for that heartfelt welcome, I too would like to extend my respect by acknowledging the traditional owners and custodians and also recognise those who are from other Nations with us here today (or use own Acknowledgement of Country)

When should the Queensland Law Society include an Acknowledgement of Country?

Essentially similar as Welcome to Country but in a different context, an Acknowledgement of Country (including referencing Traditional Custodians and Elders) should be delivered at the commencement of any event and/or gathering in a genuine and meaningful manner.

Examples may include:

NAIDOC events NRW events Sports functions Yarning Circles

Conferences Symposiums Awards nights Gala Nights

Fees:

Generally there are fees involved by the Traditional Custodians and/or their representative Elder whom would require a nominal fee, which should be processed and arranged prior to the Welcome to Country ceremony. If there is a Traditional dance or smoking ceremony this may attract a higher payment.

Please note below:

If the First Nations Peoples pronunciation are not supplied or you are not confident, alternatively you can use *“Traditional Owner/Custodian”* on its own.

A **‘Welcome to Country’** can only be delivered by an individual or group who has the cultural authority to do so or who has been given that authority by the Traditional Custodians and/or Elders of the community in which the gathering is taking place. That person is usually an Elder with connection to the land and community which is generally spoken in English or in a First Nations language and can be performed by song and dance by the appropriate dance group.

Please note:

If a Traditional Custodian/s are unavailable to deliver a Welcome to Country it is generally a practice for a nominated representative to provide an Acknowledgment of the Traditional Custodians and their Elders. This should be arranged prior to any event.

Country Protocols Guide

Last revised August 2019

An **'Acknowledgement of Country'** can be delivered by any person at any time and does not need cultural authority. This is a means by which **all** people can show respect for Aboriginal and Torres Strait Islander Peoples, as *'First Nations peoples'* or *'Traditional Custodians'* and their ongoing connection to culture and the land. The Acknowledgement of Country should be delivered in a genuine manner towards Aboriginal and Torres Strait Islander people at the beginning of a ceremony or an official meeting preferably as the first item and therefrom. An *'Acknowledgement of Country'* is to acknowledge the Traditional Custodians and Elders and would be used at public events or ceremonies. On such occasions, a Chair or Speaker may begin by Acknowledging that the meeting is taking place in the Country of the Traditional Custodians.

For example:

'I would like to acknowledge the peoples who are the Traditional Custodians of the Land. I would also like to pay respect to their Elders both past and present and extend that respect to other First Nations Australians who are present.'

OR

'We acknowledge the Traditional Owners on whose Country the meeting is taking place. We thank them for allowing us to meet on their Country and acknowledge their Elders past and present.'

Standard QLD Government Acknowledgement of Country

I would like to respectfully acknowledge the ^[Name of the Group if known] Traditional Owners of the land ^[and/or sea] on which this event is taking place and Elders both past and present. I also recognise those who's ongoing effort to protect and promote Aboriginal and Torres Strait Islander cultures will leave a lasting legacy for future Elders and leaders.

QLS Acknowledgement of Country is utilised in many different ways. We adopt the view that the delivery and message is to be fit for purpose, meaningful and reflective of the progress in knowledge and cultural acceptance.

TIPS AND KEY TAKEAWAYS

- Practice Acknowledgements if you are unfamiliar or have not performed it in a professional setting

Country Protocols Guide

Last revised August 2019

- Try to find out some local area information, Aboriginal place names, historically important sites etc to incorporate into the Acknowledgement
- If you are aware of the surrounding Aboriginal or Torres Strait Islander nations or clans, it is respectful to note them in your speech also
- It is also optimal but prudent to recognise other people in the audience who come from different countries and acknowledge their contributions in your speech

In this section you will find a listing of the Traditional Owners in the respective regional areas. Please note, we recommend you conduct your own due diligence prior to the issuing of names and pronunciation in your deliveries.
