Dear Commissioner

**Opportunity for early input: Sexual Violence Review Board's Digital evidence review**

Thank you for providing the Queensland Law Society (QLS) with the opportunity to provide preliminary feedback to assist the Commission in its preliminary research and development of its consultation paper.

In general, the Society consider the terms of reference appropriately identify key areas to guide the review. QLS considers that particular attention should be given to the following:

- Technology facilitated sexual violence;
- Recognition of the emerging implications of artificial intelligence and generative AI, including authenticity challenges; and
- Empirical research on digital evidence practices including its impact on complainant participation, investigative practices and trial outcomes.

We look forward to contributing a more fulsome submission following the release of the consultation paper.

Thank you for considering these issues. If you have any queries regarding the contents of this letter, please do not hesitate to contact our Legal Policy team via [policy@qls.com.au](mailto:policy@qls.com.au) or by phone on [REDACTED]

Yours faithfully
