1300 338 465

Converge International understands that people face many challenges in their lives and that, sometimes, these require specialised support. We believe the counsellors providing this support should be specialists with specific social or cultural experience, knowledge and understanding.

Your organisation offers specialised support to a range of helplines to streamline the process of accessing support that is sensitised to your context and needs.

## DOMESTIC AND FAMILY VIOLENCE HELPLINE

Discuss issues with a specialist counsellor and access support around domestic and family violence, including access to counselling, referral to specialist services and assistance with planning for safety at work and at home.

## HOW DO THESE SERVICES SUPPORT YOU?

When you call one of our specialist helpline services during business hours, you can access additional support through referrals to external services, access to specialised information and resources.

Most importantly, you get to speak with an independent, experienced, trained and supportive counsellor; someone who is there for you during a challenging time.
